

Delirious? "Hang On To You"

Visit "[Hang On To You](#)" on MotoLyrics.com

And I'll hang on to you
'Cos you're stronger and you keep me from falling
And you brighten the world with your beauty
Keep me closer I'm calling

Looking out like a little child
Holding tight when it all gets wild

And I'll hang on to you
Nothing in this world will see me through
Only you
And I'll hang on to you
Everyday I live, I give to You

And your love it is true
I feel stronger and I'm happy to know you
'Cos you shine like the sun and you're brighter
Than the darkness that's falling

Nothing in this world could ever take your place
Happiness is found in your holy face
In your warm embrace
