[Jonny Z]

Yes yes ya'll

It's your boy Jonny Z

And I got my homie the South Park Mexican

And we're gonna kick a little Puro Latin Bass

[Verse 1: Jonny Z]

Well it's Jonny Z and South Park we're ready to roll

Sport Versache and a Rollex and our pockets are swole

Check in the pent house the day of the show

Check them player haters to because we good to go

We roll in 99 Impalas with the 20 inch blades

Rolling hydro with my boy before I hit the the stage

See we just in town for just one night

Making freaks shake that ass when I grab the mic

Being born in the barrio is were it all started

Pouring 40's for my homies who are gone and

departed

Now the jente give me porfts when I walk in the place

The freaks give it up when I show my face

You know I got love thats all I can say,

they can't get enough of Puro Latin Bass

[Verse 2: South Park Mexican]

SPM and Jonny Z

On another bomby

My G quick to pmp to pump the party

Will we quit not me

Charlie

Like it my style cause I do'em doggy

Still I get jiggy

Here kitty kitty

The finest girls I met are from a little bitty city

Big booty big iskie

Spending 20's and 50's

I really don't mind cause to me its just pennies

Sippin on henny

Haters can't affend me

Still I have your click hallin who killed Kenny

Hgh power player

Microphone slayer

Smoking red hair  
With the H-town layer  
Puro Latin Bass  
All in your face  
Im'a watch the whole world all fall into place

[Verse 3: Jonny Z]  
Now we 808 kick drum  
Makes the girlies get dumb  
Haters try and front but the ladies wanna get some  
Back at the momo  
Keep it on the lowlow  
With this Latin player that drives'em loco

[South Park Mexican]  
Bass in the attick of my caddilac seville  
Come around here we can battle rap for real  
Got bass shaking walls and rattling the house  
Letting boys know who the baddest in the south  
Now I bow down  
Represent my cow town  
Smoking on the pow wow  
Bet you feel my style now  
Hella pipe players  
Dress like Im'a ?  
Boy's wanna spray us  
Girls shake they ass

[Jonny Z]  
Cause you know we got love thats all I can say  
They can't get enough of Puro Latin Bass
