In a nameless village  
The smell of Spring spreads in the air  
But this scent hides something hellish and rotten  
Ghastly being curse in the air  
Witches are waiting, hidden in foul-smelling dens  
Hordes of wolves pull up live at their beck and call  
Terrible dreams infest nights

Endless Blood, death and sorrow  
Giant save this raped land  
Raped by filthy cursed beings  
Born from the sperm of the wicked

The witches are crouched down  
Next to the spinning wheel  
They weaved withered woofs  
They train greedy armies to sate their appetites  
They grasp children cursing them forever

Wake up Tevernd save our souls  
Let remove famine and nightmares of the night  
Let bring back life to the ancient glory of our lands  
Violated by damned souls  
Wake up TeverYour sacrifice is immolated in the rocks  
The spell sentenced you  
Now your soul is stone, your face is Mountain  
The altar of your memory will always graze clouds  
Protects us!

Green clearings and impervious Mountains  
The Forest is grasped by the wind  
Impietous streams flow like time  
Echoes of the Past

Endless Blood, death and sorrow  
Giant save this raped land  
Raped by filthy cursed beings  
Born from the sperm of the wicked

Teverour story  
Wille be write on the rocks

Your blood will be the water of the streams  
Which will quench animals and man's thirst  
Your tears will be rain and snow  
Teverthe eternal legend
