I was the luckiest man on Earth, my wisdom was worth
Any purse but had a curse that hurt worse than givin'
birth

My first verse explains some of the game she was
playin'

I'm blamin' myself 'cause in my wealth was her pain
would haven

Behavin' like a money hungry hooker, funny how the
money took her

From a average honey to a stunning looker
I look back and reminisce how we used to kiss
And smash hips in the GS I bought her last Christ'

She got too big for her britches but the bitch is over
Not the one in Queens I mean the one she dreamin'
wasn't sober

Told her how I felt, gassed me when she cried for help
Supplied the guilt trip and I was whipped without a
fuckin' belt

I felt stupid Cupid struck me with a poison arrow
Shoulda drowned ya when I found ya crushin' in my
boy's Camaro

I didn't bother but you probably find your lover dead
You robbed me of my honor, you ain't shit like my
mother said

Come back, come back, come back
Come back to me, Punisher
Punish me, ah, I've been so bad, so bad
Won't you come back?

Nah baby, I'm not gon' be able to do it, you blew it
Threw it all the way 'cause you was stupid, girl, why'd
you do it?

I mighta knew it by the way you gave me your baby
Then left a day before I ever saw the son that God
made me

It's hard maybe we can make amends, be friends
But 'Roni hurtin' all of us for certain by forsakin' him

Just take it in, don't even say a word, observe
The way you were, preserved these words

So you won't play the herb
Ever again, never pretend that he doesn't have a father
I'm always there and you don't wanna bother
I honor my word on my father's grave, guide him
through his hardest age
So he can thrive and survive in these modern days

I wanna raise my little man but you keep resistin'
I'm insistin' you chill for real before you come up
missin'
Listen, I don't wanna fight I'd rather do what's right
A boy needs a father that's the most important part of
his life

Come back, come back, come back
Come back to me, Punisher
Punish me, ah, I've been so bad, so bad
Won't you come back?

Come back, come back, come back
Come back to me, Punisher
Punish me, ah, I've been so bad, so bad
Won't you come back?

I gave you everything, love letters and sweaters with
leather seams
Feathered wings and rings with emeralds right out of
Geraldine's
Simple dreams a dream fulfilled, the green DeVille
Cadillac
To mack, not a fact redeemed to build

I mean for real I can play it mami how you wanna stay
At Monty Frask, givin' the next nigga my punani
You want me back 'cause he hit it wrong, now you
wanna get it on
With the Long Don, word bond my shit is strong
(Come back)

Girl, don't even start again, I beg your pardon
And get your hands off my six button Cardigan
This ain't no love lost between us far as I'm concerned
Please leave, cut that busted weave I've been dyin' to
burn
Go buy a perm, try and earn some respect
It's better to have loved and lost than live with regret

Come back to, me, I want you to

Come back, come back, come back
Come back to me, Punisher
Punish me, ah, I've been so bad, so bad
Won't you come back?

Come back, come back, come back
Come back to me, Punisher
Punish me, ah, I've been so bad, so bad
Won't you come back to me, yeah yeah

Alright, don't go, no
Yeah, take my hand and punish me
Hmm, been so bad, come punish me, yeah
Take my hand and punish me, oh
Been so bad, come punish me
