(I guarantee you, you won't like me when I'm angry)

Yeah, yeah, yeah.. terror squadians

Yeah, yeah, yeah, yeah (uhh, yeah)

We rock the party and..

Yeah! i tear the club up, pull up in the hummer with pun

My fuckin brother, makin motherfuckers run for cover

The number runner son, I'm nothin but a hustler

Burnin rubber with drugs, stuffed up in the muffler

Shut the fuck up! bust a slug through your jugular

Plus suckers get fucked up with golf clubs, never front on us

T.s. baby, straight out the b.x. baby

So if they b.s., we deeper than the u.s. navy

You ain't crazy - laid up in the club like what?

With all the ladies - showin us nothin but love

Guzzlin 80 - proof to truth, straight to the gut

In a mercedes - coupe fucked up doin a buck

If jakes chase me - I'm cuttin off trucks, pressin my luck

It's all gravy - puffin the blunt, blazin it up

Maybe you hate me - cause your baby mom's on my nuts

She wanna rape me - just because I'm sexy as fuck

So nigga what?

Yo, I'm livin in mansions, give me the spanish props

Loadin and bustin a mac, did shit in the past
Was ? ? a fourth of they asses
Duck when the mac hits or be dead before your body

Cause when my shotty roars we ignore guiliani laws
My trigger got no heart nigga, I'm blowin apart liver
And holdin the glocks, call to the cops, I'm blowin the
spot
Baby better head for the hills, my niggaz wild for the
night
My lead ready to peel this shit really real
My clip fillity fill your chick with a chill
My dick quick to kill, we fittin to ill
No survivors, ? ? godivas or roses and flowers
Sour the grapes for those opposin the squaders
Don't ? ? ? ? , like funky pajamas, word to my junkie

I'ma keep it funky for homies livin tomorrow
You fuckin with scholars, street knowledge
Carter kids stuck to the projects
