Driving rough wasn't wasn't handling right
Need to sit back grown man fight
Better get with it I ain't telling you twice
Talk shit but what do you mean
You niggas in the street cause you're the street team
Hardly smoke but I'm so high
Fuck your insight nigga F.Y.I.
Got a change all link where the chains fall
Toothache ambesol colors like aerosol
She like me tall fuck with a mortar
Down south grip up town starter

Verse Two

A nigga make chips lust seven hate six watch flicks
Take trips man lot of hot chicks man
Cook bricks fam gotta get them kicks
It's your pick man chain or a ditch man
Do my dirt, feds don't come
Got ninety nine problems but a snitch ain't one
Ran with crips though I never took the oath
Me and mickey stayed wreckless almost killed us both
It's all good I live through now man
Dump the video games and got with a program
Two houses the third just own land
Grass never cut back yard full of coke cans
The Caribbean no lie, no fam
Try to defy but the eye don't lie
Shot my first thirty eight when I was a kid
You boy's all grown up now look what I did

Chorus

There's money to be made and I want in
A kings ransom let 'em be kings
To the top was born to win
Time to re - up lets do it again
Let's do it again
Let's do it again
Let's do it again
Let's do it again
