

## Delorentos "Waiting"

Waiting, all I am is waiting  
Hoping that there's something  
Or someone to believe in.

I never had a problem  
I've always had a system  
Hoping that the circumstance that made me  
Would never be a lie.

And you're the only reason that I stayed so long this  
time  
And any other feeling and I'd be long gone.

Heart is broken like a promise  
You treat me like a doctor  
And hold me like a child.

I never met a lover  
Who didn't want another.  
Hoping that the innocence that left me  
Could never be denied.

And you're the only reason that I stayed so long this  
time

And any other feeling and I'd be long gone.

I hung around, I was waiting for a sign  
And you're the only reason that I stayed so long this  
time.

Just so you know I never wanted all this.  
Just so you know I never wanted all this.  
Just so you know I never wanted all this.  
Just so you know I never wanted all this.

And you're the only reason that I stayed so long this  
time  
And any other feeling and I'd be long gone

I hung around, I was waiting for a sign  
And you're the only reason that I stayed so long this

time.
