Got to get away from you baby  
Got to get away from you right now  
Got to get away from you baby  
Every day, my heart says stay  
And I've got to get away, yeah, yeah

Get away from you baby  
Got to get away from you right now  
Got to get away from you baby  
Every day, my heart says stay  
And I've got to get away, yeah, yeah

It's been a long time, we've been good friends  
And now, little girl, you know friendship's got to end  
I love you and you know it's true  
I can't stand it much longer, got to get away  
Got to get away, yeah, yeah

Get away from you baby  
Got to get away from you right now  
Got to get away from you baby  
Every day, my heart says stay  
And I've got to get away, yeah, yeah

It's been a long time, we've been good friends  
And now, little girl, you know friendship's got to end  
I love you and you know it's true  
I can't stand it much longer, got to get away  
Got to get away, yeah, yeah

Get away from you baby  
Got to get away from you right now...
