You're sweet as honey that comes from a bee, baby
You're precious as an apple that comes from a tree
Nothing's sweet as you as honey comes from bees
Nothing's sweet as you as honey comes from bees

Your lips like wine that I love to kiss
Baby, you're so fine, why break up like this?
Nothing's sweet as you as honey comes from bees
Nothing's sweet as you as honey comes from bees

There's nothing as sweet as you
Your kisses thrill me through and through
I'll always want you, baby
Because I know you'll want me, too
Nothing's sweet as you as honey comes from bees
Nothing's sweet as you as honey comes from bees

You're sweet as honey that comes from a bee, baby
You're precious as an apple that comes from a tree
Nothing's sweet as you as honey comes from bees
Nothing's sweet as you as honey comes from bees

Your lips like wine I love to kiss
Baby, you're so fine, why break up like this?
Nothing's sweet as you as honey comes from bees
Nothing's sweet as you as honey comes from bees

There's nothing as sweet as you
Your kisses thrill me through and through
I'll always want you, baby
Because I know you'll want me, too
Nothing's sweet as you as honey comes from bees
Nothing's sweet as you as honey comes from bees

Nothing's sweet as you, baby, as honey comes from
bees
Nothing's sweet as you
