You better hope another man don't look her way too  
long  
You better hope he don't do all the things right that  
you've done wrong  
If he comes callin' she'll just turn him down  
'Cause she's not the kind of girl that goes runnin'  
around

But you make her wanna cheat on you  
For all the hurtin' that you put her through  
She wants to stand by her man but I'm not sure if she  
can  
'Cause you make her wanna cheat on you

She tries to be your everything all the time in every way  
She lit the candles, pulled the covers back and put on  
that lingerie  
Then you come walkin' in and you fall into bed  
You never say a word or even turn your head

And it makes her wanna cheat on you  
For all the hurtin' that you put her through  
She wants to stand by her man but I'm not sure that she  
can  
'Cause you make her wanna cheat on you  
Oh oh oh...

She's been livin' for a love that keeps letting her down  
Looking for a reason just to hang around

You make her wanna cheat on you  
For all the hurtin' that you put her through  
She wants to stand by her man but I'm not sure if she  
can  
'Cause you make her wanna cheat on you  
For all the hurtin' that you put her through  
She wants to stand by her man but I'm not sure that she  
can  
'Cause you make her wanna cheat on you  
She wants to stand by her man but I'm not sure that she  
can

'Cause you make her wanna cheat on you
