Run.

And I will run with you
Faster than light can move
And as far as you want to

Wings.

Maybe we don't have wings
But we can do anything, anything

Look at me, I'm dreamin'
I just gave the moon a high five
Don't you know that freedom
Freedom is a place in your mind!

Laugh.

I'll laugh and cry with you
Until the grass turns blue
And the sky bright green
'Cuz I, I don't want anything
Less than everything, here with you
Look at me, I'm dreamin'
I just gave the moon a high five
Don't you know that freedom
Freedom is a place in your mind!

And if we let goooo,
(If we let go)
Maybe we'll rise,
(Maybe we'll rise)
Up to the clouds,
(Up to the clouds)
And find a new high

Baby let go
Baby let go
Baby let go
Baby let go

Look at me, I'm dreamin'
I just gave the moon a high five.
