"Leap Of Faith"

I put myself on a limb
And I feel it giving way from the weight of the rain
If I brake or I bend
I get myself together again, put my face to the wind

It might be a long, long way to my golden day
That's a chance I'm willing to take
There's no chain, no cage that I won't brake
In this long, long leap of faith

I close my eyes
And I walk right to the edge, throw my hands to the sky
Oh, well, I'm not afraid
I'm not afraid to live this life through my dreaming
eyes

It might be a long, long way to my golden day
That's a chance I'm willing to take
There's no chain, no cage that I won't brake
In this long, long leap of faith

To a rocket, I've been tied, I'm ready for the screaming
ride
It's full of fuel and I just lit the fuse
I'm a ragin', burnin', ring of fire and I get hotter as I get
higher
And I'm tearin' a hole right through this sky of blue

Oh, there's no chain, no cage that I won't brake
In this long, long leap of faith
In this long, long leap of faith

To a rocket, I've been tied, I'm ready for the screaming
ride
It's full of fuel and I just lit the fuse
I'm a ragin', burnin', ring of fire and I get hotter as I get
higher
And I'm tearin' a hole right through this sky of blue

To a rocket, I've been tied, I'm ready for the screaming
ride
It's full of fuel and I just lit the fuse

I'm a ragin', burnin', ring of fire and I get hotter as I get
higher
And I'm tearin' a hole right through this sky of blue
I'm tearin' a hole right through this sky of blue
I'm tearin' a hole right through this sky of blue

In this long, long leap of faith

The stars have fallen, the sky is callin'
The stars have fallen, the sky is callin'

To a rocket, I've been tied, I'm ready for the screaming
ride
It's full of fuel and I just lit the fuse
I'm a ragin', burnin', ring of fire and I get hotter as I get
higher
And I'm tearin' a hole right through this sky of blue
