Gots my gun, shot her down  
Hit the door before she hit the ground  
Picks me a name when I hits the road  
See me coming but won't see me go  
Get my money where I cans  
I ain't afraid of no sheriff man  
Gots my guitar parked outside yo' door  
When I comes out she ain't yours no more  
Man of sorrow all my days  
Left the home where I been raised  
Got my home out on the road  
Who thought a blind man could leave her cold  
I'm Delta Blind Billy just for today  
And tomorrow I'll be on my way  
Then I go town to town  
No blind man shot a woman down
