One day, I'll thank you
But right now i'm just too raw
I'm so wired, I'm so tired
By fighting every little war

I won't live in your fear
Or doubt in who I am
I can't stay
I want to scream out loud

So let me fall, I won't break
I'll take my heart to my grave
And I will breathe under the water
You've forsaken the daughter here
And I won't give up on you
And I won't give up on me

One day, we won't exist
And all the hurt will turn to dust
It is easier to shut down
Than to open up to trust

I love high, I speak out
I lay our truths on a table
I've been through a thing
Or two by now

So let me fall, I won't break
I'll take my heart to my grave
And I will breathe under the water
You've forsaken the daughter here
And I won't give up on you
And I won't give up on me

All the open hearts
That are fighting to be heard

More than in words
And all the rage in time
And I'm down on my love

So let me fall, I won't break
I'll take my heart to my grave
And I will breathe under the water
You've forsaken the daughter here
And I won't give up on you
And I won't give up on me

No, I won't give up on you
No, I won't give up on me

I won't give up on me

Ohohoh...
Yeahyeahyeah...
