I've got so much to give to you
When I give you everything
You could bring me down to my knees
Let's play your dangerous games

I'm coming down with something over and over again

Fever - when it's running through your veins
And your body goes insane
You're addicted to the pain
Fever - is when you're way over your head
I should be lying sick in bed
Cause I keep burning with this fever for you

There's so much in this world to do
I wanna I do it all with you
Our secret dance, from ancient times
And the rhythm of that love is

I'm coming down with something over and over again

Fever - when it's running through your veins
And your body goes insane

You're addicted to the pain
Fever - is when you're way over your head
I should be lying sick in bed
Cause I keep burning with this fever for you

This fever for you
I got fever

Fever - when it's running through your veins
And your body goes insane
You're addicted to the pain
Fever - is when you're way over your head
I should be lying sick in bed
Cause I keep burning with this fever for you

Over and over again
I am coming down with something
