I am in one of those dreams
Where you just keep on fallin
No one hears you callin

All, that you saw was my smile
But it's been dark for a while
And the days have gone cold
No more sleep for my soul
Well that's what i've been told

Did you think that things would be ok?
That my life could keep going on this way

When i cried, when i shouted
And i screamed and i yelled
And i was mad and i was angry
How come no one could tell
Say why did you listen to me?
Was it really that hard to see?
Nobody listened

One day i found the creature asleep
I had a secret to keep
And now the whole world knows
And if i did now go
And i now be on the show
Unprotected did you know
From it all came the blow

Did you think that things would be ok?
That my life could keep going on this way

When i cried and i shouted
And i screamed and i yelled
And i was mad and i was angry
How come no one could tell
I said why did you listen to me?
Was it really that hard to see?
Nobody listened, nobody listened

Invader, took the breath from me
Healer, the angel did i see

All, that you saw was my smile
But it's been dark for a while
And the days have gone cold

When i cried and i shouted
And i screamed and i yelled
And i was mad and i was angry
How come no one could tell
I said why did you listen to me?
Was it really that hard to see?
Nobody listened, nobody listened

When i cried and i shouted
And i screamed and i yelled
And i was mad and i was angry
How come no one could tell
I said why did you listen to me?
Was it really that hard to see?
Nobody listened, nobody listened

Invader, took the breath from me
Healer, the angel did i see
Invader, took my breath away
Healer, the angel did i see

Its not too far to go now
Like a train off the rails, here
Coz nobody listened
Nobody listened
Nobody listened
Nobody listened
Nobody listened
But they're listening now
