It's the last night on earth before the great divide  
My hands are shaking time was never on our side  
And there's no such thing as a beautiful goodbye  
As an ordinary day I prayed for you a thousand times

It's never enough  
No matter how many times  
I tried to tell to tell you this is love

If tomorrow never comes I want you to know right now  
that I  
I'm gonna love you until the day I die  
If tomorrow falls asleep can you hold me first  
I'm gonna love you like it's the last night on earth  
Like it's the last night on earth

A penny for your thoughts, a picture so it lasts  
Let's knock down the walls of immortality  
Your fingers on my skin only you can hear my fear  
Only you can help me heal, I see forever with you here

It's never enough  
No matter how many miles  
Stand between us this is love

If tomorrow never comes I want you to know right now  
that I  
I'm gonna love you until the day I die  
And if tomorrow falls asleep can you hold me first  
I'm gonna love you like it's the last night on earth

It's never enough  
No it's never enough  
(It's never enough)  
Ooh

The afterglow, the horizon line  
The shadows fall, will you still be mine?  
Will you still be mine?  
Will you still be mine, I ask?

If tomorrow never comes I want you to know right now

that I  
I'm gonna love you until the day I die  
If tomorrow falls asleep can you hold me first  
I'm gonna love you like it's the last night on earth

(I'm gonna love you like)  
Like it's the last night on earth  
(I'm gonna love you like)  
It's the last night on earth

It's never enough  
(I'm gonna love you like)  
It's never enough  
(I'm gonna love you like)  
Like it's the last night on earth
