I see you everyday
I guess we walk the same way
To wherever we're going

And every morning and every night
And do you smile to be polite?
No way of knowing

And I can't explain it
But I'm not complainin'
If I'm happy or sad if only we had

Just a minute longer than this
Just a little closer than this
I would get to know you, a little bit better
I could tell you if only we had
Just a minute longer

A moment had arrived
It was just the right time
For conversation

And he asked me, what do you do?
What is your name? Where are you from?
But before long, we're at the station, ooh

And I was so frustrated
In fact devastated
I feel happy but sad if only we had

Just a minute longer than this
Just a little closer than this
I would get to know you, a little bit better
I could tell you if only we had
Just a minute longer

I wonder, I wonder what you think about?
Do you think about me?
Maybe I'm a dreamer
But I just believe that I know what I see
Forever wishing, there would be another day
Oh, if only we had, I don't care happy or sad

Just a minute longer
Just a little bit longer
A little bit, a little bit better

Just a minute longer
(Oh, baby, just a minute longer)
Just a minute longer
(And I can't explain it and I'm not complainin')
Just a little closer
(If I'm happy or sad, if only we had)
I would get to know you

Just a minute longer
(Baby, if I'm happy or sad)
Just a little closer
(A little bit, a little bit better)
