All the things that i've collected  
Stones and Shells  
Every word in every book  
Upon my shelves  
Only form a brief description of myself  
But they don't define who i am  
I don't think anything can, no

If i strip away the non-necessities  
All the damage all the mess surrounding me  
I don't crave what i have not  
I don't need more than i've got  
It's just me that i offer up

All i got is my body  
And it's naked for you  
All i got is this heart  
That i'm willing to lose  
I know in this life  
I give it everything  
All i got is this soul and  
Its shedding its clothes  
Do you see who i am now  
Your standing this close  
You know in these arms  
You're feeling everything

I'm learning what to give  
What to protect  
To look into the mirror  
Though i'm not perfect  
It's still a work in progress  
Hasn't finished yet  
Wanna be transparent  
See through  
Not gonna hide me from you  
All i got is my body  
And it's naked for you  
All i got is this heart  
That i'm willing to lose  
I know in this life  
I give it everything

All i got is this soul and  
Its shedding its clothes  
Do you see who i am now  
Your standing this close  
You know in these arms  
You're feeling everything

I'm completely undressed  
But i couldn't care less  
I'm standing here possessionless  
It's the only true test  
When the only thing left  
Is a love thats possessionless  
I don't crave what i have not  
i don't need more than i've got  
It's just me that i offer up

All i got is my body  
And it's naked for you  
All i got is this heart  
That i'm willing to lose  
I know in this life  
I give it everything  
All i got is this soul and  
Its shedding its clothes  
Do you see who i am now  
Your standing this close  
You know in these arms  
You're feeling everything
