I am, I, I feel  
I am, I, I feel  
I am, I

I close my eyes and make a wish  
For inner peace and tranquility inside  
My mind I feel it's changing  
Breaking down the defenses of my heart

It's like a new adventure  
And this is my life  
No longer know the girl inside  
The stranger in my mind

I'm running away, running away from you  
Though I beg you to stay, I'm running away from you  
I'm running away

From predictable, Miss Reliable, so methodical  
Wanna be individual and original  
So radical and desirable

Put a message in a bottle  
Watch it sail across the ocean blue  
So free of limitations  
A vision I can only fantasize

I'm floating in a new direction  
As this is my life  
No longer know the girl inside  
The stranger in my mind

I'm running away, I'm running away from you  
Though I beg you to stay, I'm running away from you  
I'm running away

From predictable, Miss Reliable, so methodical  
Wanna be individual and original  
So radical and desirable

No longer know the girl inside  
No longer know the girl inside

No longer know the girl inside  
The stranger in my mind

I'm running away, I'm running away, running away from  
you  
Though I beg you to stay, I'm running away from you  
I'm running away

From predictable, Miss Reliable, so methodical  
Wanna be individual and original  
So radical and desirable

Running away, I'm running away from you  
Though I beg you to stay, I'm running away from you  
Running away
