Waiting, watching
Listening to every little sign I see
You are so bright
Shining above all the city lights
You know it's right
When all of the stars in the sky align
If you and I
We are together as one tonight
So get up, stand up
What you waiting for?
Let's go jump in
We gotta live life
Give in to being
We got a love like no one knows
Now I'm with you
Now I'm with you
Now I'm with you
Sitting on top, sitting on top of the world
Saved me from me
Gave me everything I need
You'll be forever in my heart
So get up, stand up
What you waiting for?
Let's go jump in
We gotta live life
Give in to being
We got a love like no one knows
Now I'm with you
Now I'm with you
Now I'm with you
Sitting on top, sitting on top of the world
All is quiet at night
We say only things for us to hear
So get up, stand up
What you waiting for?
Let's go jump in
We gotta live life
Give in to being
We got a love like no one knows
Now I'm with you
Now I'm with you
Now I'm with you

Sitting on top, sitting on top of the world
Sitting on top, sitting on top of the world
Sitting on top, sitting on top of the world
