I say "Good morning" to my friends.
Oh, my Lord, it's 6 AM.
The day ain't nothing but a sentence paid.
You work so hard and nothing changed.

The union crooks treat me like a pawn.
They said "kid's draggin'" and I lost my job

The folks back east they say the market's fine
I heard that before back in 1929.
When Black Tuesday comes it'll be a hit,
right out of the air and into the pit.

There's one out now said the president.
World War III will make poor hands bend.

Ooooooooooooo

All the old boys said they can make it last
like Vietnam without a draft.
Got invest in the buis for the marketing.
Turn a model man into a Marine.

The great youth will come from far and wide,
with 9/11 as a battle cry.

Its an American proud tradition.
Yes, they pull the switch
and cry for vengence.

If your God forgave
all of your sins,
then why would you make
martyrs out of him?

For money?
Or power?
Or glory?
Do you even care?
