I want to dissappear  
Far from the folks I know.  
I want to get an answer  
for why I was even born.

No one here can tell me  
what's been haunting me all my life.  
This rat race has left me limping  
as I balanced on the edge of a knife

Why am I here?  
Oh, what should I do?  
Well, this is the point I'm trying to prove.

If there is a God in my head,  
then there's a devil too.  
How can I tell the difference,  
when they both claim to be true?

Maybe, God is God.  
Maybe, the devil is me.  
Well, I'll just throw my chains on  
and tell myself that I'm free.

Are they really there?  
Is this in my head?  
I'll just stay in bed.

Life sure has its meaning.  
Over years, I have bolstered the sun.  
These impreachers rob me  
for many heads that I've hung.

Now with my heart wide open  
I listen to the wind just for a word  
Sure, I know its futile  
but that's all I have in thins world

To look  
Down from the hill and howl  
at a moon  
all the tears I've cried

never salted anything.

Well the earth  
is so tender  
and cruel  
well if you're not there  
its still so beautiful.
