Tickin' of a time bomb
I just wanna stop the sound
Fade it like a love song
It's true

Remind me of a memory
Bleed it till it runs dry
But if it feels like this then it's probably wrong
It's true

I don't know what comes now
I can't hear it but I know the sound
Everyone is blind just the same as you
Well, you see it when it comes around

Frightened like an orphan
Bitter like an old man
Taken from your family
It's true

But know I don't deserve this
But who am I to judge
Happiness it comes at the strangest time
It's true

I don't know what comes now
I can't hear it but I know the sound
Everyone is blind just the same as you
But you see it when it comes around

Tickin' of a time bomb
I just wanna stop the sound
Happiness, it comes at the strangest time
It's true

I don't know what comes now
I can't hear it but I know the sound
Everyone is blind just the same as you
But you see it when it comes around
You see it when it comes around
Oh, you see it when it comes around

You see it when it comes around
