Yo yo yo, check this out man  
1 for you, 2 for me  
3 for  
You, 15 for me  
20 for you... now check it  
Out

Yo  
I just won 10 grand in the  
Galactic  
Rhyme Federation championship, so I'm lampin a  
Bit  
I feel like returnin to Earth and burnin some  
Herb  
I'm sick of lookin at the inside of space  
Stations  
Time for Deltron to take a vacation  
My  
Expertise in aviation got us to our destination (where?)  
The  
East Bay  
My living quarters is completely froze solid  
I  
Thaw it out with a heat ray  
Now I'm chillin in a sauna,  
Pulsating jet streams  
Peeping out in virtual reality my wet  
Dreams  
Perusing my 21st century classic comics, the fun is  
Astronomic  
(Ha ha ha) I figured since I'm here  
I'll renew my galactic passport  
So I'm not  
Persecuted by no galactic assholes  
Schemers on the  
Ave  
With their holographic hat-tricks  
Using magnetism to  
Pick-pocket citizens  
Tourists walk around with memory  
Apprehension glasses  
They attempt to capture

The past  
Tense  
Virtual junkies, burnt out and lost  
War veterans  
Still trapped in the Holocaust

Living in my true love's arms

I'm  
Sittin on the porch readin Cosmopolitan  
Peepin all these  
Dumb hoes with enhanced collagen  
I'm calling in sick  
Today  
Big mistake  
This resulted in a final pay check and  
Pink slip?

Replaced by my successor cause I missed my  
Place  
Knowin that the Rhyme Federation will miss my  
Face  
(Fuck y'all)  
Referred to as a big  
Disgrace  
Now I'm free-lance with more risk to  
Take  
Now a rhymin merc, finding certified androids  
Hit a  
Convention, signin autographs for fan-boys  
They  
Admire  
My enhanced stanzas  
And how I dodge  
Man-hunts  
And security cameras  
Avoided apprehension in  
Sub-atomic dimensions  
And even more impressive cause of what  
We livin  
A self contained environment, I suggest I'm  
Just a minor threat  
I see a thing of beauty fly as heck,  
Standing by her desk  
Paid her my respects, I was too scared  
To try to step  
So I deployed one of my androids with  
Dialect  
Synthesized with my voice perfectly

Replicated  
Asked for her name, and was she married?  
"No  
We're separated"

\*Booty\*  
Baby... baby  
You're looking real fine...  
Your behind, you got 3  
Booty cheeks...  
That's kind of unique for... for a  
?  
What say me and you hit the hot spot over at your  
house  
?  
I got a few sandwiches? eaten  
Yo it's cool  
Though, you got one eye? trippin though  
Listen you, me and  
You, we gon'?, we gon' far, go all the way to  
Mars  
Venus... we'll go to Venus if you want  
To  
Venus, Paris... ?
