If you go out tonight  
be aware the people there  
especially with the man  
with the records in his hand

He used to hide behind  
the hateful smoke of his cigar  
He persuades you to go to his home  
if he thinks you are a star

Could you please not phone me again  
I've got my own plans for today

He's just a "freak" that I met yesterday  
He's just a "freak" that I met yesterday

Ignore him when he says  
he's got everything you need  
He gives you to receive  
things you don't want to give

Could you please not phone me again  
I've got my own plans for today
