It's not worthwhile you share a tear  
you need more time and then you'll see  
we are going to find our little place  
and there you'll make shine everything

You just have to let things flow  
and then you'll see how good things come  
I'll give you reasons to believe  
don't you see you are not alone

It takes a while before you realize  
that everything you want to do  
is right and finally  
you will make your dreams come true

If you feel  
that something's going bad

We move away  
but please don't worry bout that

Please tell me why  
everything you do is right

Please look around  
and feel at home for tonight

I've been crying tears with you  
and I've been laughing there for you  
you've moved away my loneliness  
and you have made shine everything

I've never met a girl like you  
you make me feel as no one else  
'cos you have made my dreams come true  
how I can tell you you're the best

You'll see it clear eventually  
so don't you worry anymore  
I'm gonna give you what you need  
told you before I've got enough love

I sat on the red chair for you  
and I write songs they're all for you  
you've moved away my loneliness  
and you have made shine everything
