[Intro: T-Pain]

Ya (4x)

Shawty

Ya Ya Ya

Wooh

Woah Woah

[Chorus: T-Pain]

Come cum

Over here so I can break you off a lil some

Put you in positions yo ain't neva thought of

In between the sheets we can grind and bump

Make the bed thump

Until you come cum

Over here so I can break you off a lil some

Put you in positions you ain't neva thought of

In between the sheets we can grind and bump

Make the bed thump

Until you come cum

[Verse 1: DFB]

When I'm alone in my room

Sometimes I stare at the wall

Then I spoke through my phone

To see what bitch ima call

I can do the Hypnotist

Two of my pink-toed bras

I can settle for a bank teller at Green gramma's

But I'd rather be on

Put a bitch into action

Can't be a bitch man

But I stroke with that passion

I'm bout satisfaction

Hope on my flight reader

Hope her cat leave her surface wet just like Katrina

Promise baby I'll please ya

Bet ya I can make your heart jump

Treat your body like the block

R. Kelly when I Grind 'N Bump (bump bump)

Shit that's only if you come cum (come cum)

Like the hyphy movement, I have you goin dumb dumb

[Chorus: T-Pain]

Come cum

Over here so I can break you off a lil some
Put you in positions yo ain't neva thought of
In between the sheets we can grind and bump
Make the bed thump
Until you come cum

Over here so I can break you off a lil some
Put you in positions you ain't neva thought of
In between the sheets we can grind and bump
Make the bed thump
Until you come cum

Look Here

[Verse 2: DFB]

Me and my boo man
Our love it's like chemistry
A bad bitch don't give a fuck I'm in the industry
We watch the moon shine
We talkin diamond colors
Kess her neck, now she wet
We makin' love puddles
On the spread on her bed at her mommas house
In the shower for 3 hours, ended on the couch
My backs shots got her shakin like she been to Harlem
She wanna bring a friend... OK!
My love is genuine
I hope yours is the same
And like genuine girl your whole life gon' change
I know Victoria got a secret hidden on the sheets
So come cum we can do it till we fall asleep

[Chorus: T-Pain]

Come cum

Over here so I can break you off a lil some
Put you in positions yo ain't neva thought of
In between the sheets we can grind and bump
Make the bed thump
Until you come cum

Over here so I can break you off a lil some
Put you in positions you ain't neva thought of
In between the sheets we can grind and bump
Make the bed thump
Until you come cum
