"Dat's Da Way Dey Roll"

[Chorus x2]

I heard them boys got plenty dough
I heard dem boys smoke nothin but 'dro
I heard dem boys takin ova ya know
And that's the way dem boys roll (oh oh oh oh)

[Verse One]

[Buddie:]

I know ya heard a lot but did ya hear the right thang
It's more than sellin weed and whippin up some
cocaine
Gotta know the streets the tricks and trays to make the
right play
Must stay focused like ya mind in a chess game
Get to the money that's the only thing that matter mane
Believe in ya dough choose zeroes over hoes mane
Even when ya hurt be a starter not a second string
Produce like troops throw it up like ya serve game

[Pimpin:]

Get ya weight up nigga cuz I'm seein six figures
The girls like me now but the hoes used ta dig us
Plus they tryina eat tryina get a lil bigga
Tryina see mo money than a fuckin bank tilla
Now I get money straight flowin like a riva
Cuz every otha week my bank account get bigga
All on BET hangin out wit Tigga
Chromed out engine paint flipped like some Skittles

[Chorus]

[Verse 2:]

[Parlae:]

See people where I'm from thought I was lyin fo real
When I said I hit a lick cuz I done signed a deal
Naw I ain't tryina prop I'm just tryina live
If success is at the top I'm finna climb the hill
And we can't be stopped we headin to the last level
If ya in the way we steppin on ya like a gas pedal
It's Franchize and you know we don't play
We takin over so niggas get out the way

[Jizzal Man:]

I'm kicked back burnin placks with this stick black motta
Pussy and dollas homie ya know I get a lot of
Tinted glass mash the gas in a black Monte Carlo
My bitch clean rims spin when I stop her
I'm young fresh hot and I'm blerssed ya feel me
My bristles wanna fuck but htey niggas won't kill me
A rich fly wise guy them jokas hate when I ride by
A MC six screen scatin on 25s

[Chorus]

[Verse 3:]

[Buddie:]

Now evryody wanna make it
But when the chance comesand there's a risk ya gotta
take it
A lotta niggas hate it but face it we done made it
Franchise gone rise bitch we da butt naked

[Parlae:]

I don't do this shit for free I was paid to be here
This ain't no mistake I was made to be here
And my chains been diamond since birth
We all get money and we all smoke purk

[Pimpin:]

I'm doin good now you can say htat I'm blessed
Cuz livin in these streets you need a gun or a vest
That's why niggas study cuz it's nothin but a test
Ya heard one thang but ya didn't hear the rest

[Jizzal Man:]

Knew I'd make it one day was just a matter of time
People sayin quit playin boy ya wastin ya time
Look at em now switcharoo I bet they wish they could
trade places
And now my mama gettin calls oh I ain't know that was
P.J.

[Chorus]
