Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body

If a nigga try me then he gon' die
I keep my tool cocked like debo eyes
And when I drop down, I ain't tryna scare ya
I make ya want to stop like a nice Ciara

Put 'cha wrist 'round ya head, protect ya face
I been gettin' money like election plates
I put 'cha face on a shirt and frame it on front page
Try me if you want, I got mo nine's than fourth grade

I re-up on the first, then again on the third
I'm in the hood like a fire hydrant sittin' on the curb
And I got a heart, I got green and I got pills boy
I'm on the block posted up like a billboard

And I got that torch, so, you know that I blast metal
If you ran away, we steppin' on you like a gas peddle
And I got that lemon squeeze, so, I grip my pipe tight
Most these niggas mad 'cause we shinnin' like some
bright lights

Suckas come, suckas come
Suckas, suckas come and try me
Suckas come, suckas come
Suckas, suckas come and try me

Suckas come, suckas come
Suckas, suckas come and try me
Suckas come, suckas come
Suckas, suckas come and try me

Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body

I got ho's for days, drove for day's

A chopper, that sprays and I keep that throwaway
So, if a nigga wanna trample on your ass, don't die
Six feet under the dirt you lie

So, duck when I bust, I'll shoot your ass off anger
Drippin' blood on my shoes, dry your ass on a hanger
We the true, who care in franchise, lets get it
These niggas soft and then some snuggles and some
big ass titties

I keep the croon piece nigga and my fingers stay
flickin'
They say I need some Bendadryl 'cause that bitch stay
itching
It's getting hot in my kitchen, I stay cookin', I'm bad
I get mad, I have you redder then a maxi pads

Maceo told you niggas 'bout fucking wit Drez
I gotta a click of niggas, ready to put one in your head
Stretch you out on the bed and slap a tag on your toe
I told you niggas 'bout fuckin' with big Omp Hoe

Suckas come, suckas come
Suckas, suckas come and try me
Suckas come, suckas come
Suckas, suckas come and try me

Suckas come, suckas come
Suckas, suckas come and try me
Suckas come, suckas come
Suckas, suckas come and try me

Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body

I stay in the mall, niggas wonder why I shop a lot
The call me bubble gum 'cause a nigga like to pop alot
Going down with this a lot, get the tool while hot
Got to chop in the chop, so, everybody gettin' shot

I might turn up in your hood, D.J ya', at the tea talk
If you got not pistol, I hope you shraped up your re-bar
Niggas wanna be, I'ma give away the askin'
They're chopper cleared the block, like proactive

I gotta big rocket, that help me take off like a jet, man
Call me Wolverine 'cause I'm connected with the X-Men
But I gotta a little money and our niggas still a chain
But I had to step it up, seein' how the boy's aim

I gettin' shit away and got the count on the beat
Bitch, I'm not gonna be [Incomprehensible] but now
theres blocks on the street
Everywhere that I go, I got my nine right beside me
If niggas think I planned it, nigga come and try me

Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body

Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
Suckas come and try me, they gon' find ya body
