[Big Sean - Verse 1]

Hey, I told my city I'll be back but for now I'm leaving  
Tell em I'm leaving  
Promise I'll be back though, at least once a season  
Tell em I'ma get it, I'm who they can believe in  
And I'ma bring it back like I kept all the receipts and  
My hood show me love, I'm there to receive it  
I know I run my city because I'm there to see it  
It's hard being a citizen settling up in Michigan  
I'm trying to make a name like a f-cking birth certificate  
Awwwww! Now a nigga on  
And the DJ playing my song  
And she wanna drink a little Dom Perignon  
With Sean!  
I pray that it ain't temporary  
I've seen it in my dreams though  
Mr Visionary and I told them what it is though  
Mr. Dictionary and they so f-ckin regular  
I call em missionary like

[Hook]

Aww! Can't wait til I get back home  
And I'ma put all my niggas on  
And we gonna be the ones on TV

Everybody gon see me, you'll see man  
Aww! Can't wait til I get back home  
And I'ma put all my niggas on  
And we gonna be the ones on TV  
Everybody gon see me, you'll see man

[Big Sean - Verse 2]

I walk up in this bitch like "do I need an introduction?"  
When you living out your dreams sleep's an  
interruption  
Man, I hate it how the city a corruption  
With no concussion or a toolie tucked in  
Yeah, we paid or we laid up,  
No minimum wages, Yeah, what else can I say? huh  
We ain't no bed or a lie but we made up  
While they was all sleeping later we stayed up  
With drapes up like, Aww!

And I'ma be home soon as I get the crown and throne  
And the name across it is my own  
Who would've known that we'd be paid off this musical  
grind  
Unusual I'm me and my beautiful mind  
That's why my niggas high-class like a school in the sky  
I spit the heat, you might see a mirage but no facade  
nigga
