[Intro]

Big Big Sean

Big Big Sean

[Hook]

I go in

I go hard

(repeated)

If you really wanna talk about Good

I'm good

[Big Sean Verse 1]

Pressure, pain, ache, struggle

this is my hustle

but I do it for the life

the love, the lights, the glory

I rise more than juries this is my story

and hell yeah I'm going for the title

if your name is on the title than its finna get the white

out

tell em throw it up for me

I'm going when it's dark out

endo with his light out

Im feeling like Mike now (damn)

and my shadow is the only thing I'm fearing

if I need to see my idol I just look up in the mirror

just think illogical to me is illogical

so I took impossible and turned it into optical

see plus is like tears in the locker room

but you should take a look at where it got us to

you could never fathom all the sh-t I've been through or

been to

a walking itch in my gym suit

[Hook]

[Pat Piff]

uh, celebrated, determination

life's a love song so dedicate it to the paper

my staple

the brown nose on your face gonna smell of vapours

finally famous

said that I've been with  
I'm so old school but the flow newfangled  
bicycle kick it yeah Im finna Liu Kang them  
finsh em!  
focus like (?) addiction  
shit real but you got no chance  
Im undefeated  
but im a 100 proof and you's a margherita  
Im a (?) what you teacher said until I got kicked off like  
sneaker heads  
cause I was listening to beats instead of this white man  
and all of his history lessons  
I'm passing blunts in the bathroom  
Pat Piff is absent, wood shop bitch  
we carving out the classics

[Hook]

Im harder than you and you and you and you

Really wanna talk about I'm good!
