And Patronin' girl, we grownin'
Waddup, got me feeling like a kid with the street lights
on
Street lights on?
You know I got it going til it's?

[Chorus]

Early in the morning
When she's all alone
I'mma take my time
Do it how we want it
Just to set the mood, girl I bought some Marvin Gaye
and Chardonnay
Just let the song play
The long way
The strong way
It's our day
It's our way
This was all inspired by a little Marvin Gaye and
Chardonnay

[Kanye West]

Hold up, Hold up, Hold up, Hold up, Hold up, Hold up,
Hold up
Talk to the, talk to the hand
You talking to a grown ass man
It's like, way way way too much in your pants for us
not to make the bed squeak
(There goes the bed sheets)
Err'ybody rip the swag off
'Fore I rip the tag off
Why my pants sag off, cause I'm rappin' my ass off
Flow so ugly, money so handsome
This the f-cking anthem, get it, the f-cking anthem

[Chorus]

[Kanye West]

I don't really wanna uhh? talk too much
But you love it when I talk like I lost it
And I love how you look when ya blazin'

And I swear you turn at least half asian
And we 'bout to have a liason
She cool, get head with her shades on
You should just go and throw a cape on
And it's just so amazing
So amazing
So amazing

[Big Sean]

Take it to the car, bloop, bloop, that shit look like I'm
speed racing
Leave em with me, it'll boost your reputation
Westside is where I'm stationed
Spend all night, just champagne tasting
Aint no rest girl, lets just pace it til its?

[Chorus]
