Oh God!
What time is it?
Is it 2 am?
Let's go!
Two cop cars, man I'm in trouble
Or maybe is just... I swear I'm seeing double
I swear I'm seeing stars, are we on a shadow?
Kiss you on the lips, we're the perfect couple,
Girl, I love you!

She got me on cloud...
She hide that in the sunshine
Got me burning the whole night
Now we're burning through the... light
And they're chasing me like woof, woof, woof
Chasing me like woof, woof
Chasing me like woof, woof

Chorus:
Yeah, there's something about Mary got me higher
Oh yeah, there's something about the way she make
me light up
She made me, she made me
Uh yeah, there's something about Mary on fire
You're... my number one supplier
She made me oh, she made me oh

So I got the chick, she a stress killer
Everybody want her, ain't nobody realer
She don't need no feeling, high, great smooth
And every time you whip her, she fell off the room

She got me on cloud...
She hide that in the sunshine
Got me burning the whole night
Now we're burning through the... light
And they're chasing me like woof, woof, woof
Chasing me like woof, woof
Chasing me like woof, woof

Chorus:
Yeah, there's something about Mary got me higher

Oh yeah, there's something about the way she make
me light up
She made me, she made me
Uh yeah, there's something about Mary on fire
You're... my number one supplier
She made me oh, she made me oh

I'm going hard, I'm going down
I'm going in, so I'm going up
I got a lot to say, I don't hold my tongue
I just hold money, don't hold me up
Rolling in more green and all in one
You got more to... and she rose up
See, I'll be off in that tree
People told me I shouldn't be
But early on y mom told me that everything green is
good for me
I wake up to three girls, my role mode is Hugh Hef
I gave girl a T-shirt, since she gave the whole crew
naked
... two step, my knee strong and...
My socks and drawers all around the crib
Looking like I'm afraid of moving!
Bitch, I'm in the G, I'mma OG
Two figures on my joint, one to the police

Chorus:

Yeah, there's something about Mary got me higher
Oh yeah, there's something about the way she make
me light up
She make me, she make me
Uh yeah, there's something about Mary on fire
You're... my number one supplier
She made me oh, she made me oh

It's Mary Jane, Jane, Jane
All dressed in green, green, green
Miss Mary Jane, Jane, Jane
All on my brain, brain, brain

I love you
I bet you with all I got
But you ain't got no job...
Cause I got you!

Chorus:

Yeah, there's something about Mary that got me higher
She make me uh, uh, uh
Yeah, there's something about Mary that got me on fire
She make me uh, uh, uh
