Take me away, way , way, way , way , way, way.  
Take me away, way, way, way, way.  
(Pick your planet, break it, roll it, blow it, then get blown away.) x2

5,4,3,2,1 blunts passed off  
Pick your planet, roll it, toke it, smoke it, then we blast off  
I'll probably be on mars when I light up  
Clean up, then head down to Venus to get wifed up  
The nigga in me wanna go to Pluto to get (iced up)  
Race through space  
Damn these colors vibrant  
I'm going on a trip without the luggage  
But there's baggage cause I bagged it  
If the police see I have it  
flash the badge and they'll try to

Take me away, way , way, way , way , way, way.  
Take me away, way, way, way, way.  
(Pick your planet, break it, roll it, blow it, then get blown away.) x2

Green, yellow,orange, brown, red and that purp purp  
Got me on my Final Frontier like Captain Kirk Kirk  
Not to be on my ball sack  
But, this isn't Star Trek  
So puff the magic dragon and hop on my flying carpet  
Preacher told me I should listen to more Mary Mary  
But, I love Mary so much Imma probably marry Mary  
Mary J. naw

Mary Jane like Peter Parker spot a maid  
And I hope she feel the same

Take me away, way , way, way , way , way, way.  
Take me away, way, way, way, way.  
(Pick your planet, break it, roll it, blow it, then get blown away.) x2

Zoomin' the reason that I'm cruisin'  
It's cause I'm steady waitin' to exhale

Blowin' on that Whitney Houston  
She get me so emotional, delirious  
If I hit more than a few times I'm tearin' up  
And when life tear me up, god damnit it tear me up  
She can be my mascot, always there to cheer me up  
Oh my God I'm goin' I'm goin' I'm gone  
Call me on my phone nah my nigga I'm zoned out

Take me away, way , way, way , way , way, way.  
Take me away, way, way, way, way.  
(Pick your planet, break it, roll it, blow it, then get blown  
away.) x2

Pick it, pick it, roll it (x4)  
Then we blast off  
Pick it, pick it, roll it (x4)  
Then we blast off
