

Big Sean "Wait For Me"

Visit "[Wait For Me](#)" on MotoLyrics.com

[Chorus]

I hope it's not too late for me
Could you just wait for me a while
Is it too late, too late?
I hope it's not too late, too late (x2)

I hope it's not too late
I got my whole life packed inside a suitcase
Ridin in a Chevy that should've been a Mercedes
Tryna keep my head above water
So I stayed out the navy
I, I, I made a promise to my girl
Said Imma leave town and bring back the whole world
So I bought a ticket
Took longer than expected
Came back around like a necklace
And the first thing she said, was (it's too late!)
Like nigga, I got needs too
I found a man who gave me what I need
Now I don't need ya
I barely gotta text the call back
You ol lying ass nigga
You're a dog
Out here chasin paper
Fuckin bitches
Nah
Nah nigga you're too late
Live with it
Now you got a roommate
My homie served ten years
It's too late for him to be treated equally
Too late for him to make it out the hood legally
Ridin around doing my thing
Is it too late to be tryin to live dreams
Turn them up real
Reality is just a technicality
And so is being fake
So don't tell me that
I'm that I'm toooo late

[Chorus]

I hope it's not too late for me
Could you just wait for me a while
Is it too late, too late?
I hope it's not too late, too late (x2)

Alarm clock said i'm too late
And they said i'm too weak
I could use a few weights
So they said I took too long

And don't look too strong
Well how long would you take
Waitin's got me here in the first place
Another second maybe second
Maybe third in the worst case
Now we'll display
On my word plays
Moving weight
It's such a trap
Move and weight
You can't do that
I know i'm dope man
But I can't move crack
And is such a fraction
They way you thinking about your plans
But I tryna bring it back
Before your brain hit the pan
Sean from Detroit
Lupe from Chicago land
But both of our chains say made in Japan
German engineers design both of the sedans
Ride with Mr. Right on time
Or stay Miss another chance, man
Re-direct it at the girls
Not an ultimatum
Just an option in this world
But things come and go
When the clocks never stop
Be on time for nothing
A little late for a lot

[Chorus]

I hope it's not too late for me
Could you just wait for me a while
Is it too late, too late?
I hope it's not too late, too late (x2)

I hope it's not too late
I hope it's not too late

The last thing I wanna hear is too late

Tell me is it too late for me to try and change the world
Is it too late to say I wanna change girls
Is it too late even though I'm the shit
Is it too late to tell ya'll to suck my dick

(Talking)

Bitch

I do it too late for what

I want it I need it

If I need it I got it

Cause this how finally famous niggas do
