A half-animal block baboon (a monster)
The valedictorian of the yola game
graduated with high honors
Used to serve and push that candy cane
standing in front of my momma's
House, now I'm leaning over the rail and standing on
top of the couch
Wash my face with a brand new hundred dollar bill
I don't see no rangs, so you ain't got no man
(What about yo mackin man?) Ain't no lackin in my
