

## Big Sean "Wont Be Long"

Visit "[Wont Be Long](#)" on MotoLyrics.com

One of these days and it wont be long.  
Atone what up  
One of these days and it wont be long.  
Its Big Sean Detroit baby

Big Sean  
I'm sunning niggas like daytime, damn  
I guess it cuz I'm dope like bass lines, pause  
Cuz they catching on late like dateline  
I'm tired of playtime its time to take mine  
Ain't no coincidence that any bitch wanna date  
Sean  
If she told different little nigga then they lying  
Only difference is I do this shit and they straight trying  
If that ain't the truth bitch then the pigs is straight  
flying  
I gotta breath started with a dream but now its all in  
reach.  
Sheesh I hear them haters they keep talking  
Im on top now and falling cuz they falling like Autumn  
And wish that they was close to Sean like marlin (damn)  
And you can ask Atone why y'all all stayed home  
While we stayed on to make it out

One of these days and it wont be long  
One of these days and it wont be long.  
One of these days and it wont be long.  
One of these days and it wont be long.

Atone  
Its your man atone listen up  
What I manifest is destined to be interesting  
Devastating like a c section  
hard body like a erection  
You see him dawg he flexing  
perpetrating like verb elation  
Herculating like he night skating  
And he wonder why we hating  
The fake work he making  
like he really put in work to make it  
Your chain hanging I should take it  
But I ain't like that

Just introduce me to the right track  
And say fuck it like we naked  
I don't ever feel disrespected  
Cuz I know I'm on the right track  
Doing what I can to make it  
From the heart I can never fake it  
from the soul what I hold is sacred  
Intellectual vocation unite the hole nation  
While the money international vacation  
Holy carnations

One of these days and it wont be long.  
One of these days and it wont be long.  
One of these days and it wont be long.  
One of these days and it wont be long.  
One of these days and it wont be long.
