"Me She Want"

Visit "[Me She Want](#)" on MotoLyrics.com

Me she love, she love, she love
Me she love, she love, she love
Sure she know I put her gone in a bow

So when night time come

And the rain start fall
A my name she call
She say baby hurry up
So you know me not stall
In my arms she crawl

Because a me she want, me she want
Not another, not another
Me she want, me she want
Not another, not another

Moment's like this makes me realize
The want of your dreams
Brings out the beauty in your eyes
She say me give her real happiness, oh yes
Straight loving in a surplus girl
No less, this a wa me girl confess
When she lay her head pon me chest

So when night time come
And the rain start fall
A my name she call
She say baby hurry up
So you know me not stall
In my arms she crawl

Because a me she want, me she want
Not another, not another
Me she want, me she want
Not another, not another

She say me is her everything
And to the world that she non stop sing
She say four season of happiness me bring
In the winter, autumn, she say summer and spring

No joke thing

She say me give her real happiness, oh yes
Straight loving in a surplus girl
No less, this a wa me girl confess
When she lay her head pon me chest

So when night time come
And the rain start fall
A my name she call
She say baby hurry up
So you know me not stall
In my arms she crawl

Because a me she want, me she want
Not another, not another
Me she want, me she want
Not another, not another

Moment's like this makes me realize
The want of your dreams
Brings out the beauty in your eyes
She say me give her real happiness, oh yes
Straight loving in a surplus girl
No less, this a wa me girl confess
When she lay her head pon me chest

So when night time come
And the rain start fall
A my name she call
She say baby hurry up
So you know me not stall
In my arms she crawl

Because a me she want, me she want
Not another, not another
Me she want, me she want
Not another, not another
