what's in the body bag  
another g.i. joe  
what's in the body bag  
another corpse going home

chorus  
body bag body bag  
what's in the body  
body bag body bag  
another corpse going home

dug into the hillside  
sipping sour mash  
waiting for the sun to come  
this time could be our last  
enemy is coming  
troops all hit the ground  
'copters flames and bloodshed  
in the mist of a napalm shroud

chorus

hellfire bombs and napalm  
johnny's shredding skin  
laughing at the moonlight  
must be tripping again  
never ending violence  
bodies all around  
bombs explode another hit  
no peace to be found

chorus

running through the trenches  
bombs explode like rain  
staring at the carnage  
try and hide the pain  
corpses and the mayhem  
bloodshed all around  
will i see tomorrow  
watch the sun go down

chorus

a thousand bodies  
lying in a napalm haze  
so many bodies  
by christ you'd be amazed  
i stare into the eyes of my best friend  
when will the pain the dying end  
another dead boy  
another dead home boy  
wanna go home boy

chorus

here comes johnny hero  
his chest is all ablaze  
medals from the war worlds  
by christ you'd be amazed  
never ending violence  
general shakes your hand  
screw you you son of a bitch  
shoot that mother down

chorus
