[Text & music: D. Deuric]

Whisper with the waves  
Never to be found  
Separated from the stars

Crimson dyed sky  
With it's endless love  
Calling me...

Diving through the ocean's cold  
Darkness covering my soul  
In this silence of my own  
Water tomb, my ever home

Poetic spell  
Thee unveiled  
And drowned of demons  
Bare for sacrifice  
Bare for sacrifice...

Diving through the ocean's cold  
Darkness covering my soul  
In this silence of my own  
Water tomb, my ever home

Poetic spell...
