Believers of the holy lie
Mindless sheeps , followers
Feel hell's wrath upon you
Time to die!!

Losing faith , seeing clearer
Christ's words you did mirror
Now in death you realize
The holy book is full of lies

[Chorus:]
"said your prayers?"
You had better start!!
Clutch your cross as you're ripped apart
Impaled bodies - gaping holes
The harvest is just beginning
- We need more Christian souls!!!

No reply ? no surprise!!
Art thou the god of lies??
Pathetic follower - yes he still may have you
As only the strong are wanted in hell
