Lust for endlessness  
Craving eternity  
Vile transgressor  
Granted immortality  
Take my hand  
Unrighteous one  
We will reign supreme  
In blasphemy  
(Inverted Darkness)  
Unholy ones  
Become one  
Hail and praise  
The end of Christianity  
We crush and burn

The house of god  
Invert his cross  
Bleed eternal hate  
Lust within my darkness  
Burn into me  
Your sadistic thoughts  
I am now your lord  
Gods of detest  
Join my immortal soul  
In hell's flames  
(Inverted Darkness)
