I wanna be your master  
I wanna be your king  
I am coming through the fire  
With iron fist I govern

Through the piece I strike  
Through the suffering I reign  
Once called as evil  
Once seen as devil  
Master Jesus Christ

[Chorus:]  
You can not win over me  
Your weapons are too weak  
Better believe in me  
Before the fire burns your souls

I praise your blindness  
That makes me supreme  
I praise you for being naïve  
Bow down, worship me and bless me!

I am the son of god  
I am Jesus Christ  
I am the mighty evil  
Worship me or die!
