"To Taste Divinity"

I have seen times sands bleed black
I have tasted the bliss of a Gods failure
I am he the father of betrayal
I am he who would condemn Christ

Fear - Upon their dying lips
Scorn - Upon their withering faith
Flames - Invade a kingdom golden
Destruction - Feasts upon Gods deception

[Chorus:]
Three nails shall seal you fate
Splatter blood upon your face
You are the sum of gods disgrace

At sunset the sands shift
Terror infects his heart as he hangs
Approaching from below
Earths rightful inhabitants arise

They have come to taste divinity
A sacrifice of mortal treachery
Shimmering his blood runs thick
And we shall feast upon this broken lamb

Three nails and your kingdom is thine

Explanation - This song is about Judas' betrayal of Jesus, however the twist is that he betrayed Jesus to perform a sacrifice to the gods of darkness. Upon arriving at the site of the crucifixion the lords of hell commence a feast upon Christ's broken body in blatant defiance of god and Christianity. This is intended to imply that they have destroyed god's heavenly dynasty and retaken what was rightfully theirs, earth!
