[Text & music: D. Deuric]

Cold... winter, ice and snow
Sound... weeping wind that blows
Me... standing on the sacred ground

Night... at the ancient graveyard
Soul... looking for a saviour
Eyes... searching for a girl from a distant time

I don't even know her name
But her silence's tearing me apart
Petals of her flower blown
Are lying underneath the grass

And she past away so young
Under veil of secrets long ago
Like a snowflake on the palm
Her life was autumn leaf that falls
