(Verse 1)

Level 1, they don't know what my name is,  
Take a couple of tracks B4 ya boy become famous,  
And yes, I'm dangerous,  
I got that entertainment,  
#1 songs, so how I get in this situation, hatin'.  
I rather not say it, cuz u I don't wanna offend,  
They talkin' trash behind my back, yea that whisper in  
the wind,  
Yeah, they got 2 my head, & I lost steps, still in da major  
league,  
Burnin u niggaz long distance, just like a laser beam.  
& dey swear dey hard, comin at me wit the comments,  
But once I go triple platinum, they will be astonished,  
I'm just being honest.  
You ain't real, ure pure fakeness,  
I'm everybody's friend, ure just their acquaintance.

(CHORUS)

I see em on T.V gettin they hype, tryna impress behind  
da light...  
(but that's all until I get ready 2 make a comeback)  
I'm real, wats poppin, u hatin but I got ya attention, ya  
steady watchin...  
(cuz I'm gone make me a comeback.)  
Cuz to yall, I'm a problem, and da doubters I got ya...  
(wait til I make that comeback.)  
I'm true, yall false, just obey the boss,  
(when I make my comeback.

(verse 2)

Ok, my name Demetri Yates, & they know dat.  
I'm gone be #1, get the picture in kodak.  
Or in HD, 47 inches,  
And talk shit to da t.v, cuz I know dey scared to hit me,  
And yes I said it, cuz I show no fear,  
I'm just shining on you haters wit dat polo gear.  
Cuz I only rap for a reason,  
2 be #1 please believe me,  
I'm achieving,

All my goals, so keep moving those lips,

I still got ya girl in the club moving those hips,  
Try to bet on it,u be losing yo chips.  
Cuz im fresh & cool,cooler than yo whip,  
Ooooh,but its time 2 warm up,  
Im making a comeback nigga,& dats wats up.  
Yall need to shut up,  
Cuz i need a moment of scilence,  
And let me do me,  
Unlees u want violence.

(CHORUS)

(3rd verse)

Top of the game,  
Art in the frame,  
Tryna block my shine,  
U get shot in the lane.  
Or i might hire somebody,  
Wit perfect aim,  
Blast the haters away,  
Cuz they are worsome mane,  
Im just speaking from the mind,  
Which is itelligent.  
But i cant seem to find,  
How i been better since,  
Back then,  
When i camed out,  
Wont stop,  
I came back,  
And u gone drop.....

(Chorus)
