(Intro)man

Fall asleep on the couch,  
Don't know where u goin'  
Took the wrong route,  
But I'm gone make it there,  
Come true...  
Old inside my head, but for u,  
Its new... DREEEEAAAAMING

(first verse)talk

Im here, just waiting,  
The love for her is still the same,  
Even if she's taking,  
Im gonna find, da solution,  
But for now, im still cruising...tryna find..

When will it becoooooome... a reality

(2nd verse)demetri talk

Its been about a month...  
& my space is empty,  
How can I get her...  
If im not even tempting,  
To ask her out, by any chance.  
Scared to talk to her at a day time dance.

(2nd verse rap)

But im gone do it, im gone do it,  
She gone be mine,don't confuse it,  
But im still on my grind,Â...never losing,  
But its almost out of time, I have 2 stop drooling for  
these...

(HOOK)man

Dreamz, Dreamz, Dreamz,(im Dreaming)

(3rd Verse) rap.

Its time 2 reveal...the secret,  
Im not gone keep it...  
In my head, ive weakend.  
Lost all my power, the soup is sour,  
Killin me,  
When her love is supposed 2 be thrilling me.  
But it hurts to know that she's not with me.  
Im sick of all the dreamz. I just want it to be real,  
I wanna know how it feels... with out
