(Verse 1)

I am the best thang in tha galaxy,
U wanna outshine, u can't challenge me.
Not on my level u to blind to see,
My jewery did it, I don't know where they mine this
bling.
Probably my shine just come naturally.
Go ask them niggaz in my dynasty,
Respect em, so wen they talk, scilence please,
And u must face tha facts, imma beast.
Who eat tha other stars surrounding me,
To be the brightest, u must bound to be.

(Chorus)

Tha britest star,
The, the, the, the britest star,
Shining over the others,
Briter than tha sun,
Briter than tha moon.
Go above tha others,
Like a baloon... [2x]

Exception of explosion,
Look how far I have rosen,
Above u, look @ how many viewers I have stolen.
I am tha little childrens favorite star,
Show up every night, look at how late u are,
Tryna be wat I am but can't handle tha benifits.
U look rediculus, dress like a gentlemen,

Pleeeasssse, and all these stars tryna dis,
But I stole tha sky, u can't shine a bit.
Took all tha spot light, yeah I'm greedy,
Must be alone, for they can see me,
In the clearview,
On top, I'll never be near you, cuz I am.

(Chorus)

The britest star,
The, the, the, the britest star,
Shining over the others,
Briter than the sun,

Briter than the moon,
Go above tha others,
Like a baloon... [2x]

I might me small, but who shines better,
U only glows up, on tha fine weather,
But I'm tough, burn u, I'm pass 20, 000 degrees,
U laugh in a different diretion, u scared to be smiling
@ me.
I'm am unlimited, I don't need mass,
Never get old, my heart beats fast,
But wats tha point, I been everywhere and jupiters cool,
U could be their to, if u hadn't ran out of nuclear fuel.

(Beat Drop)...
Britest star, britest star, britest star. aaahhhhh.
