I didn't mean to make you cry
And tear you all up baby
I really thought that we could try
A little harder now

But if it's all over
Don't drag it on out
A give it up, a give it up, a give it up now now now
Give it up, give it up, give it up now baby
Give it up, give it up

I didn't know that you would lie
And try to hurt me baby
Darling I wish that I knew why
It didn't work out right

But if it's all over
Don't drag it on out
A give it up, a give it up, a give it up now now now
Give it up, give it up, give it up now baby
Give it up, give it up

Maybe I wish that you and I
Had tried to make it baby
I didn't want to say goodbye
And throw it all away.
